## RESEARCH INTERESTS

Graph Representation Learning, Graph Neural Networks, Heterogeneous Data Integration, Computational Biology

## EDUCATION

- |                              |   |
|------------------------------|---|
| August 2016                  | <b>Doctor of Philosophy, Computing and Information Sciences</b><br>Golisano College of Computing and Information Sciences<br>Rochester Institute of Technology<br>Advisors: Professor Anne Haake and Professor Rui Li |
| January 2011<br>October 2014 | <b>Bachelor of Engineering, Computer Engineering</b><br>Institute of Engineering, Tribhuvan University, Lalitpur, Nepal<br>Thesis: Agricultural Data Integration and Analysis   |

## EXPERIENCE

- |                            |   |
|----------------------------|---|
| August 2016                | <b>Research Assistant</b> , Human-Centric Multi-Modal Modelling Lab, Rochester Institute of Technology<br>Project: ABI Innovation - Novel Methodology for Leveraging Metabolic Simulation to Improve Regulatory Reconstruction<br>Advisors: Professor Anne Haake and Professor Rui Li |
| May 2015<br>June 2016      | <b>Data Engineer</b> , Research & Development, Verisk Information Technologies<br>Project: Medical Intelligence   |
| October 2014<br>April 2015 | <b>Software Trainee</b> , Data Warehousing ETL Team, Yomari Inc. Pvt. Ltd.<br>Project: Express EDW  |
| May 2015<br>Jun 2016       | <b>Research Intern</b> , Software Development, E & T Nepal Pvt. Ltd.<br>Project: 3D CAD Viewer with HTML5 over SSL  |

## HONORS AND CERTIFICATIONS

- |      |  |
|------|--|
| 2016 | <b>RIT Ph.D. Merit Scholarship</b> , Rochester Institute of Technology               |
| 2016 | <b>Data Science Certification</b> , Coursera   |
| 2016 | <b>The Verisk Way to Go Award</b> , Verisk Information Technologies                  |
| 2016 | <b>Team of the Quarter</b> , Verisk Information Technologies                         |
| 2015 | <b>Rookie of the Year</b> , Verisk Information Technologies                          |
| 2015 | <b>The College Fellowship Scholarship</b> , Institute of Technology                  |
| 2015 | <b>Full Fee Programme Wise Semester Topper Scholarship</b> , Institute of Technology |
| 2015 | <b>Full Fee Programme Wise Batch Topper Scholarship</b> , Institute of Technology    |

## POSTERS

---

<b>GNE: A deep learning framework for gene network inference by aggregating biological information</b> AI@GCCIS: Golisano College Research & Innovation Showcase, Rochester Institute of Technology	2018
<b>Learning topology-preserving embedding for gene interaction networks</b> 17th European Conference on Computational Biology (ECCB), Athens, Greece	2018
<b>Gene Network Embedding</b> New Deep Learning Techniques, IPAM, UCLA	2018
<b>Reconstruction of Gene Regulatory Networks with Ensemble SVM</b> AI@GCCIS: Golisano College Research & Innovation Showcase, Rochester Institute of Technology	2017

## TECHNICAL SKILLS

---

<b>Deep Learning Libraries</b>	TensorFlow , Keras
<b>Programming Languages</b>	Python, R, Java, C, C++, MATLAB
<b>Databases &amp; Query Languages</b>	Oracle Database, MySQL, SQL, PL/SQL
<b>Web Development</b>	HTML/5, CSS, JavaScript, PHP, Shiny, Java Spark framework
<b>Systems</b>	Amazon AWS EC2
